Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

I bought this phone as a long time BlackBerry user and fanatic. Starting with a Bold, then a Z10, Passport, two PlayBooks, now this Priv. The Good; this phone has a phenomenal display. Resolution is great, the screen is highly reactive to gestures, the camera is awesome and the operating system is also pretty solid.

FAQ: Google Fusion Tables - Fusion Tables Help

One of the simplest tools today, the screwdriver, is widely considered to be one of the most important innovations in tool history. Although today we have more modern and powerful cordless drills to make our work even easier, the usefulness and importance of the screwdriver is still unmatched. Decades ago these types of screwdrivers were a staple in every handyman's toolkit and that ...
