The purpose of ISO 14617 in its final form is the creation of a library of harmonized graphical symbols for diagrams used in technical applications. This work has been, and will be, performed in close cooperation between ISO and IEC. The ultimate result is intended to be published as a standard common to ISO and IEC, which their technical committees responsible for specific application fields ...

ISO 14617-1:2005(en), Graphical symbols for diagrams ...

Typical symbols for functions can be found in ISO 14617-6, which replaces ISO 3511-1, 2, and 4 (ISO 3511-3 contained mainly symbols for hardware objects). The basic symbol consists of a circle in which a special letter code is inscribed, while the symbol for a function, intended to be implemented by a computer is a hexagon instead.
