The Benham Rise, officially known as Philippine Rise, is an extinct volcanic ridge located in the Philippine Sea approximately 250 kilometers (160 mi) east of the northern coastline of Dinapigue, Isabela. The rise has been known to the people of Catanduanes as Kalipung-awan as early as the precolonial era of the Philippines, which literally means "loneliness from an isolated place".

Benham Rise - Wikipedia

When the Covid-19 pandemic struck early in 2020, fear began to mount around global food supply chains. Supermarket shortages in the United States—driven by panic buying and the retooling of supply chains from institutions and restaurants to retail vendors—prompted early fears of food price spikes domestically, while virus containment measures and uncertainty regarding global

The Selenographia by the famous Polish astronomer Johannes Hevelius is the first lunar atlas. It also deals with the construction of lenses and telescopes and with the observation of celestial bodies in general. The author himself engraved the numerous text illustrations and plates, including the three large double-page maps of the moon and forty descriptions of the lunar phases.
