standards, research, education, publication, networking-opportunities in local chapters, hosting conferences and training seminars, and providing accreditation in project management.

### **Amazon.com: The Standard for Program Management ...**

Really though, the Standard does a pretty good job of adopting the same sort of current model and approach from the PMBOK version 4 to the Program space. It even does a better job in my opinion of explaining the relationship between Portfolios, Programs and Projects, and the scope of the organizations tasked with driving these beasts.
