theatre - theatre - Elements of theatre: Theatrical art demands the collaboration of the actors with one another, with a director, with the various technical workers upon whom they depend for costumes, scenery, and lighting, and with the businesspeople who finance, organize, advertise, and sell the product. Collaboration among so many types of personnel presupposes a system that divides duties.

The heart of the museum is the town's theatre that Dalí knew as a child. It was where one of the first public exhibitions of young Dalí's art was shown. The old theatre was burned during the Spanish Civil War and remained in a state of ruin. In 1960, Dalí and the mayor of Figueres decided to rebuild it as a museum dedicated to the town's ...

Background. The term English Renaissance theatre encompasses the period between 1562—following a performance of Gorboduc, the first English play using blank verse, at the Inner Temple during the Christmas season of 1561—and the ban on theatrical plays enacted by the English Parliament in 1642. The phrase Elizabethan theatre is sometimes used, improperly, to mean English Renaissance theatre ...

The Victorian theatre. Early Victorian drama was a popular art form, appealing to an uneducated audience that demanded emotional excitement rather than intellectual subtlety. Vivacious melodramas did not, however, hold exclusive possession of the stage. The mid-century saw lively comedies by Dion Boucicault and Tom Taylor.
